THE LEGISLATURE ABOUT OVER

A special dispatch from Frankfort this afternoon states that the court of appeals today reversed the McCracken circuit court in the damage suit of Lucy Stevenson's administrator against the Illinois Central railroad, for \$30,000 damages. Thus the appellate court passes for the first time, it is claimed by attorneys, on a question of great importance in Kentucky, and holds that after a case is dismissed in the federal court, it may be brought in the civil court.

Lucy Stevenson was one of the Dawson picnic victims killed by a train while crossing a trestle in August 1902. When the suit was first brought and came up in circuit court, the railroad attorneys succeeded in having it transferred to the federal court.

Attorneys Taylor & Lucas, who had charge of these suits from the start, took an appeal on the transfer, and the court of appeals reversed the McCracken circuit court, holding that the cases should have been tried here.

On a different motion of the railroad attorneys, when the case next came up in circuit court, the cases were again transferred to the federal court, and when they came up there the attorneys for the plaintiffs dismissed them, and brought them again in circuit court.

Judge Husbands held that the cases having been dismissed in federal court no further cause of action existed in the State courts, and the petitions could not be again brought there.

The court of appeals today holds in a decision by Judge Burnham, that the lower court erred in sustaining a plea to the jurisdiction of the state court, and remands the case for trial.

A NEW METHOD

Of Deciding Labor Troubles Tried in Colorado.

Alleged Agitators Put Aboard a Train and Sent Away—Miners Vote on Strike.

A TRANSPORT ARRIVES

SETTLING LABOR TROUBLES.

Telluride, Col., March 15.—A hundred members of the citizens alliance took into custody about eighty union men and their sympathizers last night. This morning they marched them all to the station, placed them on the train and sent them out of town.

VOTING ON STRIKE.

Indianapolis, Ind., March 15.—The soft coal miners of the country are voting today to decide whether or not a strike shall be ordered. The officials of the National Union here decline to express an opinion on the outcome, but predict that the vote will be close.

SOLDIERS AND SCOUTS ARRIVE

San Francisco, March 15.—The transport Thomas has arrived from Manila with the Eleventh infantry and four hundred Philippine scouts, who will appear at the St. Louis exposition.

Mrs. D. O. Richey fell down the stairs at her home at Third and Adams streets this morning and was painfully but not seriously hurt.

DAWSON HOTEL

PADUCAH PARTIES WILL PROBABLY BID ON IT.

Monday the Century hotel at Dawson will be sold by trustee and assignee W. J. Cox and it is probable that Paducah parties will go up to bid on the hotel.

It is said the structure is worth about \$25,000 and does a paying business. It was placed in the hands of an assignee because it was built on small capital.

PAINFUL BURNS

CHILD OF MR. W. F. TERRY FALLS AGAINST STOVE.

The three year old son of Mr. W. F. Terry, fell against a stove at the home of his parents on West Broadway this morning and was painfully burned about the face. The child's face is badly blistered, but it is not thought that the injury will prove dangerous. Dr. J. G. Brooks dressed the burns.

J. H. Head has qualified as a notary public.

STATE OF SIEGE AT PORT ARTHUR IN ANOTHER WEEK

JAPS AND COSSACKS SKIRMISH ON BANKS OF THE YALU RIVER.

JAPS LOSE HORSES AND ARE DRIVEN BACK---JAP ARMY MOSTLY STILL IN JAPAN.

RUSSIAN CONVICTS TO BE ARMED FOR SERVICE

JAPS WERE REPULSED.

London, March 15.—The Port Arthur correspondent of the Central News reports a skirmish between the Cossacks and Japanese cavalry on the banks of the Yalu river. Japan's horses were killed, and the Japs forced to flee on foot. The second skirmish is reported near Anju, Korea, in which the Japanese were again repulsed.

CHILD ACCIDENTALLY KILLED.

Owensboro, March 15.—Alvey Evans, age 21, today shot and killed his brother, George Evans, age six years. George was in bed dying of measles and Alvey was examining a pistol. It exploded accidentally the ball entering the temple and instantly killed the child.

SOME HOLDOVER COMMITTEES.

Frankfort, Ky., March 15.—The senate today decided to appoint two holdover committees, to report at the next session. One is to pass on the advisability of buying Crab Orchard Springs for a state asylum, and another to prepare and present a new and revised system of revenue and taxation.

A BENEFIT

WILL BE GIVEN FOR PROF. CHARLES DAVIS.

The Paducah friends of Prof. Charles Davis, who was for a long while organist at the First Christian church and Temple Israel in this city, and is now hopelessly ill in Louisville, of consumption, are arranging to give a musical early next week as a testimonial of their esteem and sympathy for him.

Some of the leading musicians of the city will take part in it and it will likely be given at Temple Israel. Prof. Davis is very popular in Paducah, and the testimonial to him will doubtless receive a liberal patronage. He has been compelled to give up his work in Louisville and is each day growing weaker.

His friends will regret very much to hear of his sad condition and will be glad of the opportunity to show their appreciation of his efforts here. No one was more thoroughly accommodating, and he was always a valuable assistant in all local entertainments while he was in this city.

JAPS SPIES AT WORK.

Berlin, March 15.—It is reported here that Japan has organized a complete system of espionage throughout Russia. Japanese are swarming in various disguises through St. Petersburg, Moscow, Odessa, and along the Trans-Siberian road.

NO SHIPS SUNK.

St. Petersburg, March 15.—Denials are made today that the Russian commander at Port Arthur caused the sinking of four steamers at the entrance to the harbor. Official telegrams from the peninsula contain no news of fighting, and relate only to strategic movements, which are not made public.

RUSSIAN CRUISER DAMAGED.

Yin Kow, March 15.—A foreigner who arrived here from Port Arthur reports that a short engagement occurred off that place Sunday last in which a Russian cruiser, the Diana, was damaged.

FLEET HAS LEFT.

London, March 15.—A dispatch dated Tokyo this morning, states that persistent reports are current there that the Russian fleet left Port Arthur after the attack by the Japanese March 10, and are now endeavoring to reach Vladivostok.

CHINA TO REMAIN NEUTRAL.

Washington, D. C., March 15—China has sent a special declaration to the United States, called forth by Secretary Hay's circular note, to the effect that it is her purpose to remain entirely, strictly neutral throughout the Russo-Japanese war.

DID SERIOUS DAMAGE.

St. Petersburg, March 14.—The Viedomostis private dispatches state that the bombardment of Port Arthur has caused serious damage.

A week from today a state of siege will be declared. This will be done in view of coming large movements of ships and munitions of war and to enable the authorities to get rid of a certain undesirable element of foreigners, especially English, of the spy description.

NONE HAS PASSED

Paducah's Charter Amendments Still Hung Up in House.

They Have Not Been Reported By the Committee, and Probably Will Not Pass.

TWO STAND SOME CHANCE

The charter amendments desired by the city of Paducah, as predicted some time ago, have failed to become laws. This is the last day of the legislature and a telegram to Senator J. Wheeler Campbell this morning regarding the number of charter amendment bills that had passed, elicited the following reply:

"Charter amendments all unreported in the hands of the house committee on municipalities. Likely that Nos. 205 and 208 will pass today."

It was generally thought at the time that the city waited too long to attempt to have the amendments made to the charter. A number of things were desired and a committee was sent to Frankfort, consisting of Mayor D. A. Yeiser and several others, and the bills providing for the charter amendments were introduced by Senator J. Wheeler Campbell on February 11. They were:

One requiring the councils of the second class cities to select a depository, instead of allowing the treasurer to do so.

One fixing the pay of councilmen of second class cities at not less than \$8 nor more than \$5 for each meeting.

One fixing the maximum salaries of jailer of second class cities at \$1,200 or less.

One providing that on the failure of councils of second class cities to fix the tax levy, it shall remain as fixed for the year previous.

One providing at tax on all vehicles used in second class cities for profit or hire.

One authorizing the general councils of second class cities to award the printing contract instead of the city attorney doing so.

Senator Campbell has done all in his power to have the bills considered and reported, but there was some opposition to them on part of representatives of the three other second class cities, who seemed to be pretty well satisfied with things as they are, and there has been no hurry to report them in the house.

It is not known which particular bills the two are that may possibly pass today.

FATHER FAINTED

WHEN HE FOUND THE BODY OF HIS SON, HUGH HIGGINS.

Louisville, Ky., March 15.—Hugh Higgins, son of the Editor of the Louisville Irish American, committed suicide this morning by shooting. His father found the body in the toilet room and fainted from horror. The young man was one of the best known here, and his tragic death was a great surprise.

GEN. MILES

IS TIPPED FOR THE NATIONAL PROHIBITION NOMINATION.

Indiansapolis, March 15—General Miles may be the presidential nominee of the Prohibition party at the national convention here in June, according to a leader in charge of the convention.

LOST LIMB BY INJURY.

The right leg of Mr. Cole Sherron, of the county was amputated below the knee, at Third and Monroe streets this morning by Dr. C. H. Brothers, Dr. Johnson Bass and Robert Rivers. The leg was injured some time ago, and the bone had recently become diseased, making amputation necessary.

ANOTHER GRADE

Twelve Will Constitute the School Course Hereafter.

If the Board of Education Accepts Committee's Recommendation.

NEW STUDIES NOT DECIDED

The supervision committee of the board of education held a meeting last night in the office of Secretary Frank May and adopted a report recommending 12 grades in the common school course in the Paducah public schools, instead of 11 grades. If the board concurs in the recommendation, the change will not become effective until next session, beginning in September.

In regard to the addition of the Twelfth grade in the High school, Superintendent Leib stated that it was undecided what would be done towards outlining a course of study.

"There are so many things to be considered," he explained, "and we will have to go slowly. We must provide for those who desire to enter civil engineering in advancing in mathematics and also for those who intend to prepare for the universities. There is little to gain in the latter as schools of these classes are rarely ever considered in examining college applicants, as we have but few college graduates among our faculty and as I say the matter of outlining a course of study will have to be carefully considered."

There will have to be a new teacher installed, also, and this will have to be considered by the board. The matter of outlining what studies should be taken up is still in the hands of the committee and superintendent, and will be settled as soon as possible.

THREE KILLED

In a Big Explosion in Chicago This Morning.

The British Government Meets Defeat at the Hands of John Redmond.

THE BRITISH SHIP ASHORE

A BIG EXPLOSION.

Chicago, March 15—Three persons were killed and five seriously injured, and a number of others slightly injured by an explosion and fire this morning which destroyed the building of the Chicago Toy Novelty company.

The accident is said to have been caused by Foreman Gordon dropping a box of torpedoes on a case of toy rifles.

JOHN REDMOND'S VICTORY.

London, March 15—The British government was defeated in the house of commons today by a vote of 141 to 130. The division came on a motion of John Redmond against the reduction of the Irish educational estimates.

BRITISH SHIP ASHORE.

Nagasaki, March 15—The British coal ship Nigretta, with coal for the Japanese government, is ashore near Sase Bo.

DESTRUCTIVE FIRE.

Russellville, Ky., March 15—John Thomas Roper's barn was burned to the ground. Three horses several buggies, wagons, etc., and one hundred and fifty barrels of corn were consumed. There was only one hundred and fifty dollars insurance.

THE BILLS PASSED

About Same Number as in 1902
May Become Laws.

Most of the Measures Adopted Were
House Bills—Many More
Awaiting Signature.

THE LEGISLATURE ENDS TODAY

Frankfort, Ky., March 14.—When the General Assembly of 1904 closes tonight there will have been put up to the Chief Executive for his approval or disapproval about the same number of measures laid before him at the session of two years ago, though the number of bills offered and considered at this session is more than two hundred short of the number introduced at the preceding session.

There were approved at the close of the 1902 session 120 measures. There were yesterday on the Governor's table forty-nine measures. Of this number twenty-six have become laws, all but three receiving his signature. Forty more have passed both houses and are in the hands of the enrolling clerks being prepared for the signatures of Speaker Brown and Lieut. Gov. Thorne before being placed before the Governor.

The measures passed are largely those which originated in the lower branch. Of the twenty-six measures which have become laws, eighteen are House bills. Of the twenty-three awaiting action on the Governor's table all but one are House bills. The nine Senate bills bear the names of eight Senators. The forty House bills bear the names of twenty-six Representatives.

The members who have gotten measures up to the Governor are Representatives Edwards, Newcomb, Spaulding, Johnson, Bradley, Hargrove, Lawrence Clark, Butler, Lochrey, Heflin, S. C. Black, Weathers, Caudill, Claybrook, Sharp, Champion, Summers and A. S. Thompson.

Herewith is a list of the measures which have become laws at the present session.

House bill 93, by H. D. Newcomb—Prorating the common school fund by sixths instead of fifths to meet the extension of the school term.

House bill 153, by A. S. Thompson—Increasing the annual appropriation for clerical assistance to the State Treasurer by \$1,500.

House bill 18, by C. C. Spaulding—Appropriating \$75,000 for a display at the St. Louis Exposition.

House bill 69, by L. F. Johnson—Appropriating \$1,000,000 for new State Capitol buildings.

Senate bill 14, by J. C. Cantrill—The uniform text book bill.

Senate bill 28—Adopting the Carroll edition of the Kentucky Statutes.

Senate bill 55, by W. B. Whitt—Act creating the county of Beckham.

House bill 1, by R. B. Bradley—Providing registration certificates for voters, and extending registration to sixth-class towns.

House bill 112, by R. W. Miller—Making annual appropriation of \$15,000 for Kentucky Children's Home Society.

House bill 89, by H. P. McDonald—Raising per capita of Confederate Home to \$175, and admitting aged wives of inmates under certain conditions.

House bill 92, by H. P. McDonald—Appropriating \$57,000 for extensions at the Confederate Home.

Senate bill 104, by C. F. Burnam—Extending the term of the State Librarian to four years and increasing the salary to \$1,200.

House bill 271, by Luby Hargrove—Providing for holding Circuit Court at Fulton and at Hickman, in Fulton county.

House bill 201, by Thomas Drewry—The bill to pension disabled and aged policemen in city of Louisville.

Senate bill 223, by W. H. Cox—Amending Louisiana Purchase Exposition law to make funds more available.

House bill 218, by H. R. Lawrence—Appropriating \$75,000 for improvements at Hopkinsville Asylum for the Insane.

House bill 5, by W. G. Clark—Repealing the laborers' clause of the exemption laws of the State.

MUST GO TO SCHOOL

Supt. Leib Receives Welcome Information.

A Bill Just Passed Will Require Children to Attend School Regularly.

EXACT PROVISIONS UNKNOWN

Superintendent C. M. Leib this morning received a letter from Prof. R. N. Roark, of the Kentucky state university, Lexington, Ky., in which he stated that a compulsory school attendance bill has just been passed by the legislature and in the passage of the bill Superintendent Leib thinks it is one of the best and most beneficial actions of the legislature this term.

"It is a matter of regret to me to see so many children out of school,"

Superintendent Leib stated this morning when discussing the bill, "and I am glad that this new bill has been passed. There has been a compulsory bill in force providing that all children between the ages of 6 and 14 years attend school at least two months out of every school season, but what the educational men over the state wanted was a bill which provided something better in the way of compulsory education."

"The letter from Prof. Roark, who I understand pushed the matter personally, stated that it was an excellent bill for cities of the first to the four classes, but I can not tell what is embodied in the bill. I have investigated reports for the past several years back and compared the school attendance with the school census and find that only about half the school children are attending school.

This looks bad and is bad, and if

there is any way to compel children to go to school and receive at least a fair education it should be done without hesitancy and I am glad that the legislators have seen fit to pass the bill."

Superintendent Leib is very enthusiastic over the prospects the bill affords. He will secure a copy of that act as soon as possible and know what provisions it makes.

Senate bill 30, by J. F. Porter—Extending the common school term from 5 to 6 months.

House bill 57, by T. E. Butler—Reapportioning the Sheriff's revenue to meet extension of the school term.

Senate bill 16—Authorizing the State Geological Department to resume the work stopped several years ago, and making annual appropriation therefor of \$15,000.

House bill 117, by F. A. Lochrey—Authorizing Appellate Judges to increase salary of their stenographers to \$100 per month.

House bill 155, by R. S. Hearne—Increasing fund of State Insurance Department for clerical assistance from \$3,500 to \$5,000 a year.

House bill 64, by J. P. Edwards—Regulating sale of stocks of merchandise in bulk.

Senate bill 184, by W. B. Whitt—Assigning county of Beckham to several districts.

Senate bill 56, by J. W. Campbell—Allowing the Auditor \$3,000 additional for clerical assistance.

House bill 88, by J. P. Edwards—The Louisville Executive Boards Bill, known as "Ripper" Bill.

House bill 65, by Paul Heflin—Recognizing the usual commercial way in the collection of checks and drafts.

Under the provisions of Section 88 of the Constitution all bills which have not been in the hands of the executive ten days before the close of the session do not become laws until ten days after the adjournment, unless approved, giving the Governor nineteen days on many of the above measures. The same section also gives him authority to disapprove any part or parts of appropriation bills embracing district items, and the part or parts disapproved shall not become a law. This section may be applied to some of the charitable and penal institutions appropriation measures, which are considered excessive. This section of the Constitution was last applied by former Gov. Brown, who cut a number of items out of a general appropriation measure sent him at the close of a legislative session.

Dr. Olivia Nelson will return tomorrow from Memphis.

WONDERFUL CURE OF SORE HANDS

By Cuticura After the Most Awful Suffering Ever Experienced.

EIGHT DOCTORS

And Many Remedies Failed to do a Cent's Worth of Good.

"About five years ago I was troubled with sore hands, so sore that I would put them in water the pain would very nearly set me crazy, the skin would peel off and the flesh would get hard and break. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything that I was told to use for fully three years, but could get no relief. I tried at least eight different doctors, but none of them seemed to do me any good, as my hands were as bad when I got through doctoring as when I first began. I also tried many remedies, but none of them ever did me one cent's worth of good. I was disgraced and heart-sore. I would feel so bad mornings when I got up, to think I had to go to work and stand the pain for ten hours, and I often felt like giving up my position. Before I started to work mornings I would have to wrap every finger up separately, so as to try and keep them soft and then wear gloves over the rags to keep the grease from getting on my work. At night I would have to wear gloves in bed. In fact, I had to wear gloves all the time. But thanks to Cuticura, the greatest of all great skin cures. After doctoring for three years, and spending much money, a 50c. box of Cuticura Ointment ended all my sufferings. It's been two years since I used any and I don't know what sore hands are now, and never lost a day's work while using Cuticura Ointment."

POLICE BOARD

Brief Meeting Held and Two Policemen Fired by Board.

First Examples Made for Drinking Among the Police Officers.

The meeting of the board of police commissioners last night at the city hall was brief, and practically nothing was done except to discharge Officer Tom Murray and Extra Policeman John Markey for drinking. It was said that Officer Murray was drunk Friday afternoon and Officer Markey Friday night, and although neither man was present, and neither was on duty while drunk, both were summarily dismissed.

Officer James Clark was appointed to take Officer Murray's place as regular officer and Ernest Hill, an employee at Bauer's pottery, was made extra officer. The two officers above are the first to be discharged for drunkenness since the commissioners adopted the rule that there should be no drinking among the police.

Officer Murray did not appear to be worried over his dismissal, as bright and early this morning he was wearing his uniform as usual and was sent out in charge of the chain gang.

It is said at the city hall that it was not known who put him in charge, nor who runs the chain gang. An officer said, however, that all the other overseers were sick, and the gang had to be sent out in charge of Officer Murray, or not at all.

MAY NOT BE CALLED.

The congregation of the German Evangelical church has not yet called a pastor. It is probable that Rev. Bonquin who preached Sunday will not be called at present, and other ministers will be asked to come there and preach on trial.

NEWS OF THE PARTY

Chairman C. M. Barnett is to Retire Soon.

Mr. R. P. Ernst Tipped to Succeed Him—Election Soon to be Held.

STATE CONVENTION IS SOON

Col. Cicero M. Barnett will not be a candidate to succeed himself as a member of the Republican State Central Committee. Col. Barnett has been Chairman of this committee for the past eight years.

Richard P. Ernst, of Covington, is tipped to succeed Col. Barnett as Chairman. Mr. Ernst is now a member.

"I have finally and fully determined not to become a candidate or to allow my name to be used in this connection," said Col. Barnett to a Louisville reporter. "I have served on the State Central Committee for eleven years, and think that it is now time for me to retire."

"About the only man I have heard prominently mentioned for the position of Chairman is R. P. Ernst, of Covington. I believe that he would make an able and excellent Chairman, thoroughly capable of directing the party organization. Mr. Ernst is a lawyer of unusual ability. He has been in politics in this State for many years, and is thoroughly conversant with political conditions in the State."

The chairman of the State Central Committee is elected by the committee itself. The members of the committee are elected, eleven by the district conventions and two by the State convention.

The Republican State Central Committee will meet this week to fix the time and date for the holding of the State convention at which the party organization will be changed. After the date for this convention is fixed things will begin to liven up in the eleven districts in the State.

A convention will be held in each of the eleven districts. A member of the State Central Committee will be elected at each one of these conventions. At the same time delegates to the State convention will be elected, who will elect the two members of the convention from the State-at-large.

For some time it has been customary in the Republican party to choose as chairman one of the two members of the State Central committee from the State-at-large. It has been considered that as these members are elected by the State convention, one of them should be dignified with the chairmanship.

It is expected that politics in the Republican party will begin to become lively now that the State convention is approaching. Fresh candidates for the positions of delegate to the national convention are springing up every day and there is hardly a district that cannot boast of five or six men who are openly making a can-vass to be one of the two delegates elected from every district.

For delegates at large the same names continue to be mentioned. John W. Yerkes, R. P. Ernst, Geo. W. Long, W. O. Bradley and Morris B. Belknap are all mentioned by their friends for places as one of the four delegates from the State-at-large.

Among the element of the party in Louisville which favors harmony, it is proposed to send both Bradley and Yerkes to the National Convention from the State at large, and as a compromise to send Col. Belknap and Augustus E. Wilson as delegates from this district. They believe that this would be a harmony measure, satisfactory to all factions of the party in Louisville and Kentucky.

ACCIDENTS INVESTIGATED.

This morning an investigation was held in Master Mechanic Barton's office of several minor accidents which have appeared in the last few weeks.

A WEAK STOMACH will not allow one to eat enough to keep up health and strength. A weak stomach can not digest enough food to keep up the strength even if it were eaten. Do not try to cure dyspepsia or any other stomach trouble by dieting. Satisfactory work of muscle or brain can not be performed on half rations. A variety of food and plenty of it is necessary.

I have used Kodol Dyspepsia Cure for a period of nine months, using in all four bottles, and I can say that it has cured me of Dyspepsia completely. J. O. SETH, Crookston, Minn.

KODOL DYSPEPSIA CURE

Kodol Dyspepsia Cure is the remedy that will let you eat all you need—or want. If you will use Kodol you will soon be able to eat any and all kinds of food. Kodol is the only digestant or combination of digestants that will digest **all** classes of food. When you take Kodol everything you eat tastes good, and every bit of the nutriment that it contains is assimilated and appropriated by the blood and tissues. Did you ever hear of a man or woman being sick or weak who could eat heartily and who enjoyed their meals? Every man, every woman and every child who is sick, puny or weak can soon eat heartily and enjoy every meal if they will take Kodol. A truth worth repeating: *When you take Kodol everything you eat tastes good, and every bit of the nutriment that your food contains is assimilated and appropriated by the blood and tissues.*

A Fulton Man Contracts His Fifth Marriage—Fire in Princeton, Ky.

OTHER NEWS OF THE STATE

KILLED IN JUDGE'S PRESENCE.

Munfordville, Ky., March 15.—William Clymer was shot and instantly killed by John Finney in front of the residence of County Judge Johnson and in the presence of the Judge. Finney was on Clymer's bond on a charge of selling whiskey and had brought him from Bowling Green to surrender him to the jailer. While talking to the Judge Clymer started to walk off and Finney immediately began shooting at him, hitting him three times. Finney was arrested and placed in jail.

MARRIAGE NO FAILURE.

Fulton, Ky., March 15.—Mr. George R. Taylor, a farmer of Weakley county, southeast of Fulton, was married to Miss Mary Matthews. This is the fifth marriage of Mr. Taylor and a peculiar incident is that he has never married a widow. Mr. Taylor is 67 years of age, has ten living children and three dead; nine were boys and one girl. His new wife is aged 34. He now has six sons grown and old enough to vote. He has several grandchildren and one great-grandchild.

DRUMMER GOES BLIND.

Newport, Ky., March 15.—Joseph H. Ashbaugh, a member of the United Commercial Travelers, was suddenly stricken blind after partaking of a meal at his home on Overton street. Just as he arose from the table he was stricken. His father was similarly afflicted at the age of seventy.

JUDGE COOK ILL.

Hopkinsville, Ky., March 15.—Judge Thomas Cook took suddenly ill with acute indigestion yesterday. Major John Phelps was appointed special judge by the governor at once to continue the Pembroke murder trial of negroes accused of killing the unknown white man.

FULTON MARRIAGE.

Fulton, Ky., March 15.—Mr. J. H. Rucker, of Hickory Grove, Ky., and Miss Zora E. Bennett, of Water Valley, were married.

FIRE AT PRINCETON.

Princeton, Ky., March 15.—Griffin's photograph gallery took fire yesterday but the blaze was extinguished by hard work.

ROBBERY AT FULTON.

A burglary at Fulton was reported to the police this morning, but they understood only the request to keep a lookout for the thieves, who seem to have gotten a quantity of clothing, shoes, etc.

Mrs. Henry Weil has been called to Cambridge, N. J., on account of the illness of her son, Mr. Jesse Weil, who is attending school there and is ill from scarlet fever.

DAILY THOUGHT.

The path from neglect and delay leads straight to impatience, doubt and unfaith.—William J. Tucker.

THE WEATHER.

Fair tonight with warmer Wednesday.

One of the Chicago bandits admits he killed twenty-three men—as near as he can remember—and still he objects to being hung!

Someone should make a motion to send Broadway from Fifth to Sixth street to the world's fair as a street exhibit, if it would enable us to get rid of it.

Although Russia is not doing much fighting she can congratulate herself on the fact that she is daily one of the principal characters in entertainment fiction.

Senator Morgan's bill regarding the control of the canal zone is probably good for another series of speeches before it goes the way of his other convulsions.

The mayor announces that the city has closed a deal for the new fire station site. Now let's get to work and take charge, build the station and get it to working before next winter, if possible.

Some of the American people are beginning to ask themselves why they are so anxious for the Japs to win. The Irish have already decided they are not, since England is for the yellow men.

The Democrats continue to grope about in the dark. The latest ticket is Hearst and John Mitchell. The Democrats will nominate anyone that they think for a moment will help pull them out of the hole, but it is a hopeless case with them.

There is no particular objection to a man getting an office for work he has done to get his crowd in power, but when he has had a fair chance and finds that he is unable to discharge the duties in the manner expected of him, it is time to pull out or get put out.

It is about time the city was beginning to think something about sanitation for the summer. It is never too early for our able law makers to begin, for they apparently never get to the point. Last year there was no sanitation. This year there ought to be a bluff at it, anyway.

When Mr. Hearst finishes the strenuous task of running for president, he will probably find running a newspaper a rather tame affair. The down trodden newspaper man should feel more contented with his lot when he contemplates what they are doing to

Mr. Hearst, and realizes that he at least doesn't have to run for President.

Admiral Dewey cables that he didn't stop at San Domingo and pay his respects to the president recently when he and his staff came along, because "fighting was going on." It is a wonder he was able to keep out of it. While he was on the scene he might have stopped over long enough to show the energetic revolutionists what real fighting is like.

The Democrats seem to be making much of a supposed factional fight of Republicans in New York. There is one thing about these so-called Republican fights, however, and that is, the Republicans may war a little with each other sometimes, but they never fight their party, and never allow their personal spats to interfere with their support of the great principles of Republicanism, which have made the United States the greatest country in the world. We have no Cleveland, Bryans, Hearsts, or Gormans, all pulling in a different direction. We Republicans pull together. If a person doubts it all he has to do is to read up a bit on the history of his country.

This week of congress promises to be devoted largely to explanations from members regarding the statements made in the Bristow post office report. The report seems to have punctured a veritable hornet's nest, but however embarrassing it may be to a few, it will have a salutary effect on our congressmen of the future. It will benefit the people, for it will doubtless act as a restraint on paying out in the future more money than necessary and just in the various post office departments. No one, at least none of the congressmen, has been accused of anything dishonest. The congressmen mentioned in the reports are simply alleged to have asked certain appropriations for post offices in their districts, and the allowances, some of them unjustified, were made by the higher authority, who has since been deposed.

The legislature adjourns today and the Democrats of Kentucky will no doubt breathe easier. Some of the belligerent members of the party have shown an "ugly" spirit and had the party dancing on needles and pins but whitewash was copiously applied, and the people of the state have been left to guess the truth. The investigating committee appointed "investigated" in their own peculiar way, and whatever they found out, it was not any more than they could help. Enough is known, however, to prove conclusively that the state has been outrageously robbed for no telling how long by Democrats and those who have enjoyed the favor of the Democratic party in the state, and so far as anyone knows, there is nothing to prevent their continuing it. The manner in which the printing and prison grafts were smoothed over after being exposed only serves to show how easy it is to work a pull under Democratic rule in Kentucky. It will encourage the Democrats to do it again.

WHEEL FALLS ON FOOT.

Dick Hamilton, colored, an employee of the local I. C. shops, got hurt this morning by accidentally dropping a car wheel axle on his right foot. No bones were broken but the injury is very serious.

HE WAS BUSY CHASING A BURGLAR AND COULD NOT TURN IN SIGNAL.

A watchman at one of the South Side plants telephoned Manager Roger, of the Western Union, at an early hour this morning that the reason he missed turning in one of his calls was that about the time it was due he saw a burglar and gave chase. While he was pursuing the marauder, the time for turning in the alarm came and he was not there to do the work. The burglar got away, but his apology was accepted.

WHY HE FAILED

COMES HERE FROM DAWSON AND HAS MADSTONE APPLIED.

Hard to do housework with an aching back.

Hours of misery at leisure or at work.

If women only knew the cause.

Backache pains come from sick kidneys.

Doan's Kidney Pills will cure it.

Paducah people endorse this.

Mrs. George Romain, of 726 Tennessee street, says: "For three years my back was lame and aches severely particularly under the shoulder blades despite the use of medicine. I tried Doan's Kidney Pills, getting them at DuBois & Co.'s drug store. They are easy to take, they cure you without causing any annoyance and if you can judge from my present condition when they cure you stay cured? Should attacks recur I now know what course to pursue to get relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

SONGS OF THE DAY.

ON THE ROAD.

I.
Take a lily with you,
The thorny way along;
Let a shaft o' sunshine
Twinkle to a song!

II.
Sing about a sorrow—
Though it would destroy;
Maybe you can set it
To a tune of joy?

III.
Sowin' time or reapin'
That's the way to go!
You're in Love's own keepin'
When you never know.

Theatrical Notes.

Miss Stella Tracey in "A Chinese Honeymoon," which coming to The Kentucky Wednesday night is one of those very well dressed women who introduces costumes that are quite well worth copying. One of the prettiest models for an afternoon gown, which is worn by Miss Tracey, is of white crepe de chine, put in rib tucks all over broad bands and medallions of very heavy linen lace. The blouse is covered with groups of these tucks and a small piece of shirred white tulie and elbow sleeves of lace. The ruche and muff are of white chiffon and white roses.

She has also introduced a new way for the debutante to wear her hair. This is by putting four big roses over the top of it.

Miss Amelia Bingham in "Olympe" is presenting an entirely different kind of a play from those with which her fame has been chiefly associated since her advent as a star. It is a semi-historical romantic drama, much of the same kind that Sardon so cunningly fashioned for Fanny Davenport, and gives Miss Bingham a chance to display her emotional powers at their best. The play is a story of the picturesque and interesting period of Louis XV., and shows beautiful stage pictures and charming gowns, powdered wigs and the loves and intrigues of that most brilliant of courts. Miss Bingham will be seen here with her admirable company at The Kentucky Saturday night.

The sale for "A Chinese Honeymoon" today has been fair. It is one of the best shows of the season and one of the last of its kind, being a musical comedy that drew large houses and won splendid press notices last week in St. Louis. It has about 80 people.

WHY HE FAILED

COMES HERE FROM DAWSON AND HAS MADSTONE APPLIED.

City Engineer Washington stated today that he is very busy getting things in shape for the work that is done in Paducah every spring and summer. There will be more than usual this year.

Contractor E. C. Terrell is expected to begin work on South Third street, where he left off several months ago, in a few days.

Work on West Jefferson street, also and on the culvert, will soon begin. Engineer Washington has just returned from the east, and has most of the preliminary work ready for the contractors.

IVIVES HEALTH, VIGOR AND TONE.

Herbine is a boon for sufferers from anaemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middleborough, Ills., writes: "I have been troubled with liver complaint and poor blood and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c. Sold by DuBois & Co., Paducah, Ky.

CHILLS AND FEVER

There may be a good many causes of Chills and Fever, and there may be a good many symptoms accompanying, but whatever the cause or symptoms, Chills and Fever can be cured and their return prevented by taking Dr. Thacher's Liver and Blood Syrup.

A pretty broad assertion to be sure, but you will readily see how true it is when you consider that this excellent remedy contains a number of pure and perfectly blended ingredients which act directly upon the liver, kidneys, stomach, bowels and blood. By its stimulating, cleansing and tonic effect upon these organs, it counteracts the poisons, drives out the chill germ and prepares the system to ward off disease.

Ask your dealer for

take it according to directions and you will soon be convinced that it will do all we claim for it.

W. R. WEBB, an esteemed citizen of Valley View, Tex., says:

"I had been suffering with dumb chills for about two months when I got a bottle of your Liver and Blood Syrup. It cured me and I have not had a chill since." At all Druggists. Dry form 25 cents. Liquid form 50 cents and \$1.00. Send us two-cent stamp for sample bottle and write to our Consultation Department for free, confidential advice.

MEET

TONIGHT

Railroad Men to Organize Trades Council.

Will Hold First Meeting Tonight—

Work Will Require Sometime.

Tonight the brotherhood of railway men will meet in its hall corner Fifth and Broadway and the matter of organizing a railway trades council will be taken up.

"We have a brotherhood of cormen, an employee of the shops, stated, "and are not affiliated with the central body here. Central body is affiliated with the Federation of labor. We will organize a central body of our own in the form of a trades council."

"We intend to elect a certain number of men from each union to take up all matters pertaining to the betterment of our condition."

"It will require some little time to have all trades act on the matter of organization but when matters have shaped properly the representatives will be elected and the trades' union formed."

NO STRIKE

IN THE COAL MINES OF SOUTHERN ILLINOIS.

Carbondale, Ill., March 15.—The circular issued by National President John Mitchell of the United Mine Workers has had its effect, and the probability of a strike is very remote. Southern Illinois miners' leaders are to a man for the acceptance of the operators' proposal, and it is not believed that a focal in the entire field will vote to strike. One pleasing condition general over the field is the cordial good feeling between miners and operators. All the leaders are for an acceptance of the new scale with the slight reduction. It is probable that the question of a two years' agreement may be voted down for one of a year, but the matter will in no wise stand in the way of a settlement.

CAUGHT YANKEE

BY DRAWING A TIN DIPPER ON HIM.

Thomas McCabe, a native of Ireland, and one of the best known old Confederate soldiers in the Clarksville vicinity is dead of old age. He was 85 years old. Deceased left a wife and two sons. He had been married just 50 years and two months.

"Uncle Tom," as he was called, prided himself on having been a comrade in arms of General Bate. It is said of McCabe that he was the first man to capture a Yankee at Fort Donelson during the Civil war. One evening about dark he was near camp unarmed, having nothing in his hand but a new tin dipper. He suddenly met a Yankee prowling about. Uncle Tom pulled his dipper on the blue coated enemy, pointing the shining handle at the Yankee, who, thinking it to be a shining barrel of a pistol surrendered.

DEATH FROM PNEUMONIA.

Mrs. Mollie Adams, wife of Mr. R. W. Adams, died this morning at the family residence, 132 Farley street, of pneumonia, caused by measles.

She was 44 years of age and was born in Carroll county, Tennessee. She came to Paducah from Sharpe, Marshall county, only two months ago. Besides her husband she left 11 children. The burial will take place at Sharpe tomorrow afternoon.

FOOD'S WORK

HOW IT CURED PARALYSIS.

Paralysis comes from weak nerves and bad blood and is often cured nowadays by proper feeding.

"For fifteen years I was an invalid, haven't walked a step for over twelve years, not able to move my feet, or even my toes."

"But recently a wonderful thing has happened, for I had never expected to have the use of my limbs again; a four months' diet of Grape Nuts Food for breakfast and supper made the change and now just think of it, I can move my toes freely on my left foot and a little on the right foot, and can let the foot piece on my chair down and swing my feet vigorously, which I think is a wonderful improvement for the time I have used the food."

"And that is not all! My blood and my stomach are so much better I am confident my trouble came from too much rich food and an overstrain of the nerves, but my nerves are much better, my mind is clearer and I don't forget things like I did. It must be the food for I stopped taking medicine years ago for the paralysis."

"Of course I have the sympathy and prayers of many Christians, but it is wonderful what good pure food will do for one out of health, and why would it not be as good to keep one's health up? I have heard lots of other praise Grape Nuts, but I for one cannot praise it enough." Name given by Postum Company, Battle Creek, Mich.

Here was a well defined case of paralysis which came from weakened nerves and blood trouble, and which began yielding almost immediately when proper food Grape Nuts was substituted for improper food. There's a reason.

WILL REDISTRICT

COMMITTEE SAYS IT WILL CHANGE THE PRECINCTS REGARDLESS OF LAW.

In regard to the claim that a county's magisterial districts cannot be redistricted oftener than once in five years, one of the members of the committee appointed by County Judge Lightfoot yesterday to do the work, stated today that the county will be redistricted, law or no law.

He did not vouchsafe a statement in regard to the law. "We have been appointed to redistrict the county," he said, "and are going to do it. The last redistricting was done under Judge Tally in 1900, and if there is anyone who does not like the fact that we are going to do it now, he can try to stop us, because we are going to start soon, and expect to accomplish what we start out to do."

EXCURSION TO ST. LOUIS.

A special excursion to St. Louis will be run by the Illinois Central Railroad Co. on March 24th, leaving Paducah about 9 a.m., and running via East Cairo. \$8 round trip. Tickets will be good returning on all trains including March 28th, but will not be good in sleeping cars, nor will baggage be checked on these tickets.

There will be absolutely no extension of return limit granted for this occasion. As the excursion train will not make stop after leaving the Union Depot except at Broadway, at which point no tickets are on sale passengers should procure their tickets at the Union Depot and take the train from that point. Stop will be made at Broadway but passengers without tickets will be charged full fare.

PRIVATE ALARM

Manager Roper Does Not Anticipate Much Opposition.

When His Object in Connecting With the City Wires Is Explained to Officials.

WILL BENEFIT MANUFACTURES

Manager E. R. Roper, of the Western Union Telegraph Co., says that he has not yet conferred with the fire committee of the general council to which the matter of granting him permission to connect his private burglar and fire alarm system with the city fire alarm at Central station was referred, as his complete apparatus has not arrived.

"When all my material comes," Mr. Roper explained, "I will ask an audience with the city officials and explain my idea. My plan is not for the betterment of my system alone, for it will be a great deal more beneficial to the city."

"For instance, when a watchman from any big milling plant turns in an alarm headquarters, the Western Union office, as soon as the office man sees it is a fire alarm being flashed in, the alarm will be switched into the fire station. The fire alarm boxes of the city plant are stationed generally some distance from the manufacturing plants, and it would require a watchman some little time to run to the box, unlock it and turn in an alarm. The new Western Union alarm boxes are in the mills proper, and a fire alarm could be flashed into my office immediately and we could switch it into the city wires and into the Central station with a saving of at least five minutes."

"In this way the Western Union private alarm system would afford the city a better alarm system. My system would be an auxiliary to the regular system and when I have finished explaining it to the committee, I think they will see the only advantage will be to the city and the owners of the big plants. I anticipate no trouble in getting permission to connect with the city wires when the city officials understand it."

CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago and since then we have always kept a bottle in the house. We can not do without it. For coughs and colds it has no equal." 25c, 50c and \$1.00. THE BIG SHOW

Sub Committees and Colors Selected for Carnival.

The Executive Committee Will at Once Begin Work Arranging for Carnival.

COMMITTEE MEETING FRIDAY

The executive committee of the carnival association held a meeting last night at Hotel Lagomarsino and decided on red and white as the official carnival colors. The members are very enthusiastic over the outlook, and are confident that the world's fair will not interfere with the carnival in the least. In fact the carnival will come off before the world's fair is well opened.

The subcommittees that are to assist in the carnival work this year were selected as follows, the first named being in each case the chairman:

Street Exhibit and Decorations—H. G. Rhodes, Jacob Wallerstein and Harry Meyer.

Building—C. H. Chamblin, George Ingram and A. W. Greif.

Light—Dan Simons and Al Foreman.

Soliciting—George Goodman, David Levy, Al Foreman and Thomas Baird.

Transportation—Harry G. Johnson, Saunders Fowler and John T. Donovan.

German Village—Adolph Weil, who selects his own committee.

License and Permits—J. Campbell Flounoy, Gus Singleton, T. B. Harrison, James Campbell, Jr., Fred Gallman, Eugene Graves, William Kraus and Edward H. Puryear.

Fire—James Woods, John G. Rehkopf and L. L. Bebont.

Police—James Collins, Frank Harlan, Joe Woods and Fayette Jones.

Country Store—L. A. Lagomarsino, who selects his assistants.

Ticket Committee—Harry G. Johnson, who selects his own committee.

Ticket Taker—Ernest Lackey, who selects assistants.

Confetti—Jeff J. Read and Rodney C. Davis.

Chief Spieler—Ben Weille, who selects his own assistants.

The chairman of the committee are to meet Friday evening at Hotel Lagomarsino for the purpose of mapping out a plan of work.

THE T. P. A.

HAS SUSPENDED ITS NATIONAL TREASURER.

St. Louis, Mo., March 15.—The National Board of Directors of the Travelers' Protective Association has suspended from office Louis T. LaBeaume, who for fourteen years occupied the position of secretary treasurer. J. W. McDonald, chairman of the National board, stated that this action was taken pending an investigation into Mr. LaBeaume's books. Mr. LaBeaume is at present confined to his bed by illness.

THE TOBACCO MARKET.

Clarksville, Tenn., March 15.—Receipts last week were 185 hogheads, all new crop. Private sales 91 hogheads, lap from week, 46 hogheads, making sales for the week ending Saturday, 137 hogheads, nearly all old tobacco. There was no material change in prices.

With a few mild days sales at the loose warehouse have been fuller, and factory receipts have been larger.

The new crop shows scarcity of spinning grades and good stemming leaf; but few strip will be made in this district. Planters are usually indifferent about making preparations for another tobacco crop, and Burley will be planted in such parts of the dark districts as have soil suitable for that variety.

We quote for old tobacco:

Low lugs, \$3.50 to \$4.00; common lugs, \$4.00 to \$4.50; medium lugs, \$4.50 to \$5.00; good lugs, \$5.25 to \$5.75; low leaf, \$4.75 to \$5.25; common leaf, \$5.50 to \$6.25; medium leaf, \$6.50 to \$7.50; good leaf, \$7.50 to \$8.50.

M'DONALD INDICTED.

Bedford, Ind., March 15.—The grand jury made its report in the Schaffer murder case and found an indictment against James McDonald, the accused murderer, on two counts.

FREE FACE BLEACH FOR COMPLEXION

I WILL SEND FREE TRIAL BOTTLE OF MY FACE BLEACH TO ANY LADY SENDING NAME AND ADDRESS.

MME. A. RUPPERT, 6 E 14TH ST., New York City

How to Obtain a Lovely COMPLEXION Clear and Beautiful

It is every woman's duty to be as youthful and good looking as possible, and there is nothing which adds more beauty than a lovely complexion, and there is no remedy which will restore the complexion and give one that youthful appearance like Mme. A. Ruppert's World Renowned Face Bleach. This grand remedy clears the skin of every discoloration, and impurity, including pimples, freckles, moth patches, brown spots, liver marks, comedones, flesh-worms, blackheads, oiliness, sallowness, mudlines and skin diseases. It accomplishes these wonderful effects by drawing the impurities and discolorations to the surface of the skin and then removing these blemishes by gradually scaling off a slight surface of the outer skin. It does this in so natural a manner as to be entirely harmless to the most delicate complexion, and, having this action, it cannot fail to produce excellent effects.

Most marvelous results are obtained when Face Bleach is used according to my new Special Directions in conjunction with my Egyptian Balm, which nourishes and feeds the tissues and glands of the skin, and adds the finishing touch which refines, purifies and preserves the skin in its pristine splen-

dor, giving it the glow of youth.

Now, in order that every lady reader of this paper may obtain the highest possible effect from the use of my preparations, I will make the following stupendous offer to all callers at the below address. A bottle of my Face Bleach, a trial jar of my Egyptian Balm, a bar of my most exquisite Almond Oil Complexion Soap, my New Special Directions, my book, "How to BE BEAUTIFUL,"—all for \$2. The price of Face Bleach alone is \$2 per bottle, hence you receive articles absolutely free.

BY
**FOERG'S
REMEDY**

Sergeant J. S. Smith of Company L, 12th Infantry, during service in the Philippines from 1899 to 1902 contracted a severe case of blood poisoning. He tried many remedies and treatments upon his return to the United States without any benefit, until **FOERG'S REMEDY** was strongly recommended to him. The use of four bottles absolutely cured him. If you doubt this write to him, addressing J. S. Smith, care St. George Hotel, Evansville, Ind., and ask if this is not true.

If **FOERG'S REMEDY** has cured him why not you? Why do you go on suffering the mental tortures of the damned when you know there is a cure certain and sure. Is a cure not worth \$5.00 to you?

That is all it will cost, for we absolutely guarantee six bottles at a cost of \$5.00 to cure the worst cases of specific blood poisoning. Think of the joy to you in the return of perfect clean health, and go at once to the below address and get this wonderful remedy. It is manufactured by

him, and he has the additional exercise of running all the way home."

"Ah!" she cried indignantly. "They told me you always answered like this."

"Well, you see, the Crossroads efforts have proved so thoroughly hygienic for me. As a patrol I have sometimes felt extreme mortification that such bad marksmanship should exist in the country, but I console myself with the thought that their best shots are, unhappily, in the penitentiary."

"There are many left. Can't you understand that they will organize again and come in a body, as they did before you broke them up? And then if they come on a night when they know you are wandering out of town?"

"You have not had the advantage of an intimate study of the most exclusive people of the Crossroads, Miss Sherwood. There are about thirty gentlemen who remain in that neighborhood while their relatives sojourn under discipline. If you had the entree over there you would understand that these thirty could not gather themselves into a company and march the seven miles without physical debate in the ranks. They are not precisely amiable people, even among themselves. They would quarrel and shoot one another to pieces long before they got here."

"But they worked in a company once."

"Never for seven miles. Four miles was their radius. Five would see them all dead."

She struck the bench again. "Oh, you laugh at me! You make a joke of your own life and death and laugh at everything. Have five years of Plattville taught you to do that?"

"I laugh only at the poor Crossroads too seriously. I don't laugh at your running into fire to help a fellow mortal."

"I knew there wasn't any risk. I knew he had to stop to load before he shot again."

"He did shoot again. If I had known you before tonight, I—" His tone changed, and he spoke gravely. "I am at your feet in worship of your divine philanthropy. It's so much finer to risk your life for a stranger than for a friend."

"That is a man's point of view, isn't it?"

"You risked yours for a man you had never seen before."

"Oh, no. I saw you at the lecture. I heard you introduce the Hon. Mr. Hallway."

"Then I don't understand your wishing to save me."

She smiled unwillingly and turned her gray eyes upon him with troubled sadness, and under the sweetness of her regard he set a watch upon his lips, though he knew it would not avail him long. He had driven along respectfully so far, he thought, but he had the sentimental longings of years, starved of expression, culminating in his heart. She continued to look at him wistfully, searching, gently. Then her eyes traveled over his big frame, from his shoes (a patch of moonlight fell on them; they were dusty); he drew them under the bench with a shudder) to his broad shoulders (he shook the stoop out of them). She stretched her small white hands toward him and looked at them in contrast and broke into the most delicious low laughter in the world. At this he knew the watch on his lips was worthless. It was a question of minutes till he should present himself to her eyes as a sentimental and susceptible imbecile. He knew it. He was in wild spirits.

She picked a long spear of grass from the turf before her, twisted it absently in her fingers, then turned to him slowly. Her lips parted as if to speak. Then she turned away again. The action was so odd, somehow, as she did it, so adorable, and the preserved silence was such a bond between them, that for his life he could not have helped moving half way up the bench toward her.

"What is it?" he asked, and he spoke in a whisper such as he might have used at the bedside of a dying friend. He would not have laughed if he had known he did so. She twisted the spear of grass into a little ball and threw it at stone in the water before she answered:

"Do you know, Mr. Harkless, you and I have not 'met,' have we? Didn't we forget to be presented to each other?"

"I beg your pardon, Miss Sherwood. In the perturbation of comedy I forgot."

"It was melodrama, wasn't it?" she said. She laughed, but she shook her head.

"Purest comedy," he said gayly, "except your part of it. You shouldn't have done it. This evening was not arranged in honor of 'visiting ladies.' But you mustn't think me a comedian. Truly, I didn't plan it. My friend from Six Crossroads must be given the credit of devising the scene, though you divined it!"

"It was a little too picturesque, I think. I know about Six Crossroads. Please tell me what you mean to do."

"Nothing. What should I?"

"You mean that you will keep on letting them shoot at you until they—until you—" She struck the bench angrily with her hand.

"There's no summer theater in Six Crossroads. There's not even a church. Why shouldn't they?" he asked gravely. "During the long and tedious evenings it cheers the poor Crossroads' soul to drop over here and take a shot at me. It whisks away dull care for

Pretty Children

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all."

"My wife thinks Mother's Friend is the greatest and grandest remedy in the world for expectant mothers."—Written by a Kentucky Attorney-at-Law.

MOTHER'S FRIEND prevents nine-tenths of the suffering incident to child-birth. The coming mother's disposition and temper remain unruffled throughout the ordeal, because this relaxing, penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. Mother's Friend takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

OUR BALL CLUB

Secretary Farnbaker is Now at Vincennes, Ind.

Within Fifteen Days it is Expected the League Will be Organized.

Sec. Farnbaker, of the K. L. T. baseball league, is in Vincennes, Ind., today arranging for Vincennes to enter the league.

He is about finished with his circuit and will be ready to report by Sunday, it is thought. The league appointed him to make a circuit of all towns wanting admittance to the league and for the past several weeks has been following his instructions.

Mr. Farnbaker writes that the league is assured that within fifteen days the organization can be effected and the schedule arranged.

President Thompson is still in Hopkinsville and has written nothing towards calling a meeting. President Thompson is pleased with the outlook of baseball in the Kitty league and says there will be more fast ball players in the league this season than last. Sign writers will go to work on the park fence this week writing advertisements for business firms.

GRAND SALE OF LOTS.

The Northview Realty & Improvement Company has about seventy lots on Eleventh and Twelfth streets, in Paducah, Ky., which it will offer for PUBLIC SALE on most reasonable terms, in JUNE NEXT, unless sold before that time. These lots are situated in Paducah, Ky., and lie between Rottgering's farm and the city.

The streets have been lately gravelled. The lots have beautiful shade trees on them, and lie high above the streets.

An ordinance has been adopted to extend Twelfth street on beyond this property to Rowlandtown, and the Street car company will extend its line from Trimble street on down Twelfth street by this property to Rowlandtown.

This property is certainly most attractive and desirable, and will soon be built up. There are no lots in the suburbs of Paducah more desirable for homes. The adjacent property is being rapidly improved, many houses having been erected recently.

For particulars, apply to W. D. Greer, General Manager, Paducah, Ky., March 15th, 1904.

MORE ARRESTS

MADE THIS MORNING BY CONSTABLE SHELTON.

I. T. Clausen, of West Point, Ky., who yesterday accepted a position in the local L. C. ticket office as night agent, has resigned, the duties being greater than he anticipated. Mr. W. V. Owsley will remain in the office until another man can be secured.

Mr. H. H. McDearmon, jeweler at Nagel and Meyer's, who has been ill from rheumatism for some time in Trenton, Tenn., expects to be able to return here the last of this week.

Tom Simms and Jim Wilkins, colored, were arrested this morning by Constable J. C. Shelton on the charge of gaming and a breach of the peace, respectively.

Simms was given a hearing before Justice Jesse Young and fined \$20 and costs while Wilkins' case was set down for trial Friday morning at 9 o'clock.

A full line of Victor Talking Machines. \$15 to \$60. All of the latest records at R. D. Clements Book Store
